# 21<sup>st</sup> Century Community Learning Centers

This program supports the creation of community learning centers that provide academic enrichment opportunities during non-school hours for children who attend high poverty or low performing schools.

The program helps students meet state and local standards in core academic subjects, such as reading and math; offer students a broad array of Enrichment activities that can complement their regular academic programs; and offers literacy and other educational services to the families of participating children.

The 21<sup>st</sup> Century Community Learning Center is sponsored by Overton County Schools and funded through a grant through the US Department of Education and distributed through the State Department of Education.

## Who

This program is designed for students in grades Kindergarten through fourth who qualify as at-risk students' based on economic disadvantage.

## What

The 21<sup>st</sup> Century Community Learning Center Summer School program will be supervised by a site coordinator, assistant coordinator, teachers, and educational assistants. The two week summer program will focus on state standards-based, hands-on science activities, health, nutrition and wellness activities.
